Advanced LED Lighting

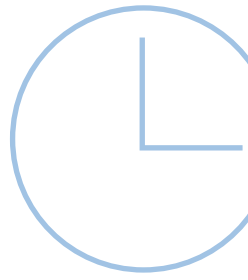

Kadux Series 5-year extended warranty.

The Kadux extended product replacement warranty requires online registration. Visit www.syntechinternational.com.au/warranty to register your product.

Syntech is proud to introduce its new Kadux series of adjustable (gimbal) recessed down lights. Suitable for a broad range of installation applications, the Kadux series incorporates the latest in LED Driver technology making it one of the most efficient on the market.

Stylish and sleek, the Kadux will compliment any application whilst providing glare free, low maintenance light for general illumination needs. The Luminaires housing is manufactured from lightweight die cast aluminium, and is available in a wide range of wattages. In retrofit applications, the Kadux Series can normally be installed into the existing aperture.

Stable, Uniform Light Distribution.

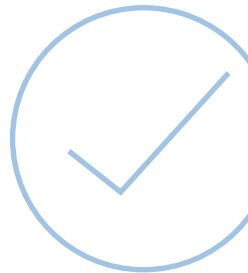

Unlike legacy Incandescent /Fluorescent technology, the Kadux series achieves full illumination as soon as they are switched on and provide high quality flicker free illumination. With its compact 60-degree beam angle, the luminaire provides market leading, excellent light output, along with increased energy savings.

Ultra-long life

The Kadux incorporates advanced SMD LED technology with an LM70 rating of 50,000 hours.

The Kadux is backed by our 5 Year Extended commercial warranty for complete assurance of performance reliability.

Zero Maintenance

The Kadux Series provides a robust solid-state LED light engine that eliminates forever the ongoing and excessive cost of re-lamping.

KADUX SERIES

At Syntech, we believe that a manufacturers warranty is your assurance of quality.

This is why the KADUX Series is supported by a full five-year product replacement warranty.

All Syntech products comply to the latest AS/NZS Lighting Standards.
